Welcome

Spanish Audiovisual: Talent and Future. It is our motto and it is the reality that we are living in the sector in Spain nowadays. In order to contribute to the continuity of this beautiful moment of our cinema, and to involve a friendly and strategic territory in equal parts, from Spanish Screenings we have decided to bet this year on Latin America to showcase the best of our cinema to come.

We come with twenty one Spanish projects in development, which will be presented within the framework of Animation!, Blood Window, Punto Género, and Solo SerieS. Many of them are first or second works, and a large number are by female authors. We also present to the international industry seven Works in Progress, three Market Premieres, a selection of recent films in 'Market Screenings', and a wide range of works suitable for Remakes. In addition, we have a Spain-Argentina-Uruguay co-production forum.

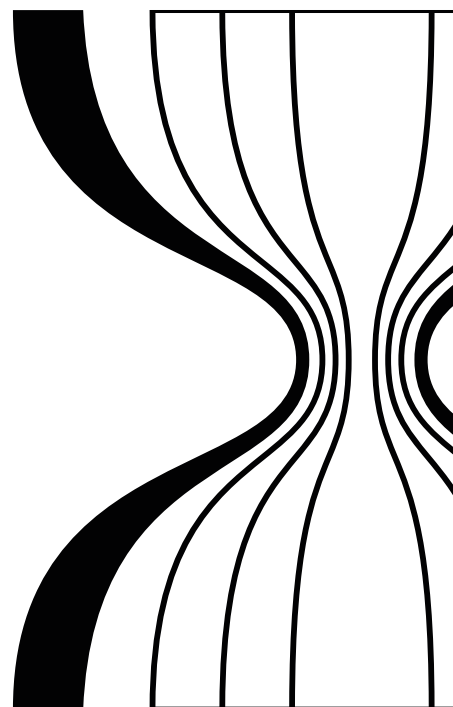

Our talents are present in all sections of Ventana Sur, don't miss the networking breakfasts, conferences, showcases, pitchings and all the opportunities we have prepared for synergies to arise!

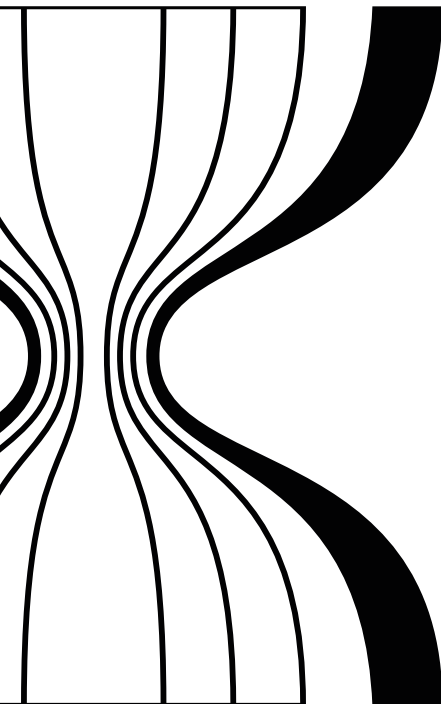

Spanish Screenings On Tour is the common thread of this massive Spanish participation in this year's edition. It is the itinerant axis of 'Spanish Screenings XXL. An international market for Spanish audiovisual production', financed with funds from the Recovery, Transformation and Resilience Plan (PRTR) to strengthen Spain's role as Europe's Audiovisual Hub, and promoted by the Ministry of Culture and Sport through the ICAA, the Ministry of Economic Affairs and Digital Transformation through ICEX, the Malaga Festival and the San Sebastian Festival.

On behalf of the team that made this deployment possible, we would like to encourage the entire professional community to get to know our proposals and the people who make up our delegation- Thanks Ventana Sur for opening its doors to us.

Welcome to the 1st edition of Spanish Screenings On Tour.

Spanish Screenings Team.
